Calypso Layout Workshop Handout

In addition to the Calypso Workshops Your Way Scrapbooking Kit, G1109, this project also uses:

- 1 sheet Black CS
- D1691 Beach Life
- Ink pads: Lagoon & Pear

Preparing Layout Pieces:

1. Lay your base pieces in 6 piles – one for each layout page. (See underneath each layout photo for designated base pieces.)

2. Cut all “zip strips” (the ½” borders) from each BT (background texture) paper and set aside. You will use these:
   - Both Lagoon Circle strips - P. 3-4
   - Both Lagoon Watercolor Wash strips – P. 5-6

3. Cut all layout pieces according to cutting guide. As you cut each one, place it on the corresponding base page (circled number) with which it will be used. This is a GREAT way to organize your projects as you begin.

4. Once your pieces are all cut and in 6 neat piles, paperclip each pile together, or place it in a convenient resealable bag. You will LOVE this method of preparing to create your projects!
