Various sentiment stamps

My Acrylix® Jennifer's Hand (B1484)

My Acrylix® Packages, Boxes, & Tags (D1664)

My Acrylix® So Many Smiles (C1619)

Card Assembly Instructions

Cricut® Pieces – Fundamentals: large butterfly, small butterfly. White Daisy: butterfly, rectangle. Whisper: rectangle.

1. Using your tape runner, adhere the large Whisper rectangle on the card base.
2. Next, adhere the fundamental rectangle centered on top of the Whisper rectangle.
3. Using a glue pen, adhere the small butterfly to the White Daisy butterfly.
4. Using a micro glue dot, adhere the small butterfly to the large butterfly.
5. Fold both wings of the layered butterfly forward, creasing both wings along the body line and bringing them together.
6. Using a micro glue dot, adhere the large butterfly to the card, centered into the butterfly cut out.
7. Adhere the Whisper strip (or shimmer trim) to the card, about ¼" from the bottom of the fundamental rectangle.
8. Using Black ink, stamp your sentiment on the White Daisy Cricut® rectangle.
9. Using your tape runner, adhere the stamped White Daisy rectangle to the Whisper Cricut® rectangle.
10. Use 3-D foam tape to pop the sentiment on top of the Whisper strip (or shimmer trim).

Options

1. Monochromatic—create cards using solid and pattern pieces of the same color.
2. Mix and Match – combine 2 coordinating colors of fundamentals to create cards.
3. Use white or silver shimmer trim instead of the Whisper strip under the sentiment. This can be a great upsell in a workshop or add-on as a make and take.
4. Use sparkles or other embellishment to accent the butterfly.

Butterfly Fundamental Card Workshop Cutting Guide
