

La Vie En Rose Gathering Project

4¼" × 5½" Thinking of You Card

This card can be found on page 42 of the Annual Inspirations 2015-2016 idea book

STEP 1: Plan the number of Gatherings and guests for the month.

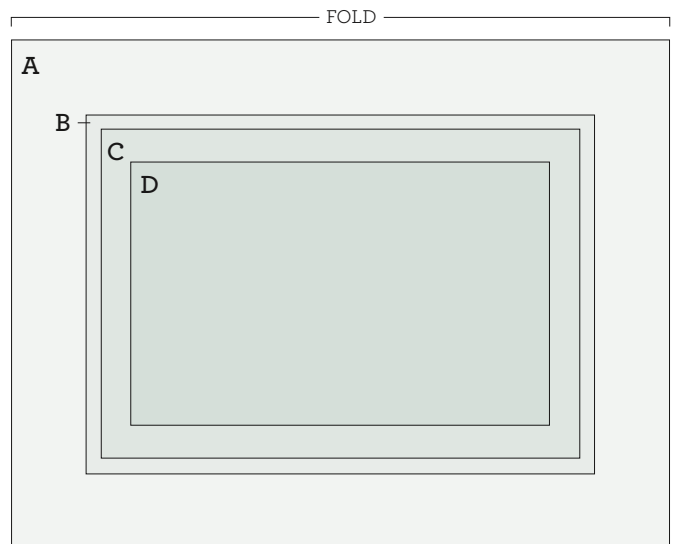

Set a goal to have a minimum of four Gatherings a month with six guests at each one. Remember, you can customize your Gatherings to fit the number of guests you have attending. Supplies listed below are based upon full retail packages of products and full sheets of paper, which can easily be split between multiple guests. Simply multiply or divide the supply list by the number of guests you will have attending or the number of projects you will have them make during the Gathering to find out how many supplies you will need. You can also alter the B&T papers used on a given project to accommodate more guests by using different paper designs or bulk packs of B&T.
