Directions:
Follow the diagrams on page 2 and 3. Embellish with Thin Cut shapes, Gold Fundamentals Assortment shapes and Gold Foil Tape as desired. Use liquid glass to create the pocket page, and to bind the pocket bottom edge (it is also helpful to strengthen the embellishment added on to the closure). If not adding photos while assembling, adhere the sides and bottom only on the Instalife frames so a photo can be inserted later.
My Creations Mini Folio Album Featuring Regatta PML and City Life Instalife - Cutting and Assembly Diagrams

Step 1. Select the above pictured 8 PML cards and 14 Instalife cards - store the rest for other projects. They can be added to classic layouts or used to make additional mini albums or with the Instalife Album.

Step 2. Cut the above PML cards as shown. Trim the zip strip to 4", score lengthwise down the middle, and fold (this is to bind the bottom edge of the pocket page).

Step 3. Take the above pictured Instalife cards/PML card and hand trim as shown. Notes: be sure to preserve the bottom left corner on the “Epic” card. Do not cut the left side of the “REMEMBER” flag for easier gluing later; this is also the only piece not bubble cut. Cut down the middle of the “PURE F.U.N” card on a paper trimmer.
