Sangria Workshop – Layout #1

• Use the cutting guide on page 32 of Make It From Your Heart™ Volume 1 to cut papers. You may also refer to cutting guides in this workshop guide as well to maximize your paper for all three projects.
• Reserve two floral zip strips and one color block zip strip. Cut the color block zip strip into two pieces lengthwise making them ¼" x 12" and ¼" x 5¼".
• Using Pomegranate ink, sponge edges of all flowers. If you are using an all-purpose mat, use a sponge dauber. Start in a circular motion outside of the petal and working inward. This creates much more even sponging.
• Using Pomegranate ink, stamp sentiments on the Poppy banners.
• Using Cocoa ink, sponge the base of the palm tree.
• Using New England Ivy ink, sponge the palm tree leaves.
• Place floral zip strip 1½” from the bottom on both right and left pages according to pattern.
• At this point, you can easily build the pages by following the pattern and photo.
• Embellish the layout as shown or adapt for your personal needs.
Use the cutting guides on pages 66–67 of Magic™ to cut papers. You may refer to the cutting guides in this workshop guide as well to maximize your paper for all three projects.

The pages have been switched in the example.

Mat your photos on the Eggplant paper.

On the left page, place the Pomegranate Vine paper ½" from the bottom. Follow with the gradient Pomegranate and then the Chevron.

Place the Cocoa Dots paper ½" from the right edge. Place the two 4” x 6” photo mats on this piece of paper.

On the right page, adhere the Cocoa Dots ½” from the left edge.

Place the Chevron strip 3 ½” from the bottom.

The 5” x 7” photo mats are placed ½” from the top and bottom.

To add the twine in the center, simply knot the ends and adhere with a glue dot.

Embellish the layout as shown or adapt for your personal needs.
