

15 card “Some Kinda Wonderful” Workshop

This card workshop will focus on using our watercolor pencils with the blending pen! 😊

When I created this workshop, there were a few things I tried to keep in mind...

1. Time....most of the classes I hold are 2-3 hour workshops. I wanted to have a workshop I could complete in that amount of time.

2. Price...I have repeat customers that come often throughout the month, so I wanted this workshop to be affordable for them. I like to be able to have a “Basic” kit...and have add on products listed so that they can create their own custom kit, purchasing new items to add to their crafting supplies. 😊

All of these card patterns come from the Make It From Your Heart (MIFYH) volume 1, a WONDERFUL resource we have at Close To My Heart! I hope this workshop can be used to help your business grow as you share the beautiful products of Close To My Heart with those around you! 😊

Cricut/Thin Cuts Instructions:

The Scrapbooking Stamp set images (D1716) can be cut out with the Artistry Cricut collection....OR....they can easily be cut out by hand.

Artistry OR Hand cut shapes...

- ♥ “Journal” block shape for **CARD 1** (cut 3- 1 ¾” Cricut Shape from White Daisy CS)
 - I used stamp rolling for journaling card....
 - First, ink journal block image in RASPBERRY ink...do NOT stamp off.
 - Next, roll the outer edges of journal block into black ink.
 - Stamp 2 toned colored image onto your journal block cut shape. Sponge edges with whisper ink if you choose.
 - Stamp “hello” in black ink to the right on journaling card – see photo for placements.
 - Stamp raspberry heart to right side of journaling block, leaving room for the fox on the left side. Sponge edges in Whisper ink if you choose.

- ♥ “#friends” stamp for **CARD 2** (cut 3- 1” Cricut shapes from White Daisy CS)
 - Use the Stamp Rolling technique to get the two colored image.
 - First, ink “friends” stamp image in Pixie ink....do NOT stamp off!
 - Next, roll the outer edges of pixie inked “friends” image, in Raspberry ink.
 - Last, stamp the two colored image onto the Cricut Cut shape. Beautiful! ☺ Sponge edges in Whisper ink if you choose.

- ♥ “wonderful you” shape for **CARD 3** (cut 3- 1 ½” Cricut shapes from Willow CS)
 - Use Black ink to stamp the “wonderful” image onto shape.
 - Use the masking technique to stamp the word “you” under the “wonderful” words. The “you” comes from the “I’ve been thinking of YOU” image in the Cardmaking stamp set.
 - TIP: Masking....I used 2 pieces of scotch tape, and covered the words I DIDN’T want inked, prior to stamping. I inked the “you” in black....pulled off the scotch tape...and had a perfectly “clean” YOU ready to be stamped under the “wonderful” word.

THIN CUTS....

- ♥ Use **THIN CUT** metal dies to cut out the following shapes on White Daisy cardstock:
 - ➔6 foxes
 - ➔15 Turtles
 - ➔3 birds

- ♥ Stamping thin cut animal shapes...
 - Stamp all animal shapes with MEMENTO Black ink pad. Let dry.

 - Color each stamped image with Water Color pencils according to Individual Card photo.
 - **Watercolor Pencil Colors to be used:**

Sunny Yellow	Citrus Leaf	Clover Meadow
Crystal Blue	Star Spangled Blue	Grey Wool

 - After shading all images with watercolor pencils, you will use the Blending Pen to “smooth” out your pencil sketches.

- TIPS for Blending Pen
 - Have a piece of SCRAP PAPER handy.
 - When wanting to blend another color, always “write” on scrap paper.
 - When blending pen writes CLEAR...you can then start “smoothing” the next color.
