

Thank You Fundamentals Card Workshop

The cards in this workshop are designed with adaptation in mind. The cuts and card layouts can be achieved with different Fundamental Paper Packs and embellishments. As well, the sentiment areas were kept 'generic' in order to be able to substitute in different sentiments to suit your client's needs.

Due to the simplicity of this workshop - it is very easy to structure it to fit your workshop style. You can either choose to purchase full size products for each of your workshop attendees. Or you can divide the products into kits in order to cut down on the workshop costs.

In the following supply and cut lists I have made suggestions as to the colors and prints I used for the sample cards. However, each Fundamental Paper Pack is so versatile...you can easily substitute in different prints for more variety of cards and efficient use of the entire Fundamental Paper Pack.

3. Adhere the 3-3/4"x3-3/4" to the 5-1/4"x4" piece along the top of the stamped sentiment piece. This should leave an equal border around both pieces.
4. Wrap the 14" of Thick Twine around this piece along the separation of the two adhered pieces. Tie a bow to the left.
5. With 3-D Foam tape, adhere this entire completed piece to the card front
6. Use self adhesive gems to embellish the card

Drapery Fold Card Instructions

Cut a 12" x 12" sheet of doubled sided B&T paper to 4" x 11.5" and you can get 3 from one sheet, to make 3 cards! Score the long way at 3", 4", 6", 7", 9", and 10". Cut from the bottom at the 3" score mark at an angle to about 1" below the right top corner. Accordion fold and then adhere to the card front that is 5.5" x 4.25".
